

Town of New Haven
January 18, 2022–Board Meeting

1. Water Service Area #9

- a. The Water Infrastructure Improvement Act (WIIA) grant program application was submitted. This very competitive program could fund up to 60% of the non-grant funding already received by the project. (Another \$1,570,000 in grant money potential). The latest we have heard is that we should expect to hear on any potential award during the early part of 2022.
- b. We have responded to the NYSDEC and ACOE comments on the freshwater wetland permitting. We will continue to follow up with these agencies until the permit process is complete.

a. Moving forward:

- ~~a. Develop Potential Project Area~~
- ~~b. SEQR Process (2-3 months)~~
- ~~c. Preliminary Engineering Report and Environmental Report~~
